The launch of a smart plug Betty - a smart plug that helps you control and monitor home appliances using Smartphone anywhere, anytime.

Betty has been launched by Beyond Evolution Tech Solutions that was recently in the news for their foray into the IoT space and their recent round of funding.

Beyond, having worked for some highly creditable clients like Softbank, Honda Motors & Air India has used their Mobile Expertise, coupled with their IoT knowledge to launch their first product in their IoT platform be-connected.

Betty can help customers manage this chaos by bringing their appliance on to their smartphones Betty can help people manage their geyser from the mall or put a scheduler on the water motor pump to turn it ON and OFF automatically.
